The Schoolmaster was entertained in service at the very early age of 15 years and it is just possible he might have given a mistaken year & date as the date of birth. As the date now verified by the horoscope makes only the difference only of one year the D.P.I's recommendation may be accepted

SIR

With reference to your letter N° 4734/Ed 191-09 dated the 2 December 1909, I have the honour to submit the Service Register and the explanations of N Subbaraya Udupa, assistant Master, Village Elementary Boys School, Nagar re the matter of discrepancy re the date of his birth He represents that, at the time he was appointed an acting teacher re the Department he gave his date of birth to be 24 August 1881 for entry re the Establishment Schedule without making a reference to his horoscope When

he was confirmed in his appointment he opened a Service Register wherein he entered 31st August 1882 as the date of his birth after referring to his horoscope But the then Deputy Inspector directed the latter date as it did not tally with the one given by the teacher for entry in the Establishment Schedule and ordered the date in the Service Register to be altered to 24 August 1881, the date originally given by the teacher As the teacher in question entered 31 August 1882 as the date of his birth in his Service Register when he opened it about 13 years ago and as it is also the date given in the horoscope I recommend that 31 August 1882 may be accepted as ~~the~~ date of his birth

I have the honour to be,

Your most obedient Servant,

V Vasudevayya
